

Sprint 2 Plan

Goal: sort, profile, artist list, following, comment

(George)As a graduate student,I want to view the pictures in selectable order

- Be able to Sort the pictures by time(from latest to out-of-date)
- Can write comments to the pictures.

(Chrissy)As a career women, I expect this website have a personal profile.

- add a profile page to all users.

(Elizabeth)As a designer, I think the user will like the website can be organized in order.

And I could check all of users' pictures.

- Show all of users with their pictures.

Team roles:

Wei: Product Owner, Developer

Yifan: Scrum master, Developer

Boyang: Developer

Zhibin: Developer

Chenjie: Developer

Santosh: Developer

Initial task assignment:

Wei Wei: Be able to Sort the pictures
